

Sunflower Bull Guarantee 4 Year Guarantee

Each bull selling through our 28th Annual Production Sale comes with a 4 year guarantee on semen and feet and legs. Each year the bull is in use, he depreciates 25%, based on purchase price. Refunds are issued in credit for upcoming sales or satisfactory replacement, if available. Sale credit is calculated as purchase price minus salvage value.

We have always strived for the highest customer satisfaction possible and have guaranteed the bulls in past years sales. As stringent as our bull selection process is, we realize that things do happen and understand that some of these problems are things that you, as bull buyers, should not have to deal with. Also, we are aware that a herd sire is a substantial capital investment, sometimes similar to that of a car. Therefore, the Sunflower Bull Guarantee package was developed to assist bull buyers for inconveniences that arise over a 4 year period related to things under our control within our breeding program and selection criteria.

Part of our bull selection criteria is that all bulls must pass a breeding soundness exam and semen test prior to sale. All bulls selling have passed or in some rare cases, due to young age, have shown the probability to pass a semen test.

Bulls who have been deemed incapable of breeding due to injury, disease and, or, but not limited to, neglect are not eligible for the guarantee.

Years are calculated based on breeding seasons. For example, the 1st year guarantee ends 6 months after the sale after that point the second year begins and ends

after a full year. The same process repeats through the 4th year.

1st Year Guarantee

Full refund during the first breeding season (6 months) is available on the following problems as a result of poor soundness on feet and legs and semen quality:

- Loss of fertility
- Broken penis in single sire pasture
- Swollen hocks
- Other abnormalities due to feet and leg problems related to structure

The following result in half of purchase price being refunded:

- Disposition
- Broken legs

2-4 Year Guarantee

Year 2: Purchase price minus salvage value x 75%

Year 3: Purchase price minus salvage value x 50%

Year 4: Purchase price minus salvage value x 25%

- Fertility
- Inability to pass breeding soundness exam due to structural problems

This guarantee is meant for soundness and does not cover injury of any kind. Bulls who have been deemed incapable of breeding due to injury, disease and, or, but not limited to, neglect are in-eligible for the guarantee. A vet statement listing the condition of the bull to verify the problem with the bull is required to receive credit. We also reserve the right to semen check the bull before issuing credit.
